

Dinky

the stinky stinkbug

had a very
stinky rear.

And if
you ever
smelled him,

you
would run
and cry

All of
the other
insects

used to hold
their nose
and run.

They
never let
poor Dinky

join in
all the
insect fun.

Then
one scary
Christmas Day.

humans
sprayed
bug spray!

Dinky's stink
cloud smelled
so loud,

it scared
away that bug-
spray cloud!

Then all the
insects
loved him.

and they
said to their
new friend:

"We love
you, Dinky
Stinkbug,

but won't you
please go stand
downwind!"
